

# discovery wall

@ the creative technology commons

The Discovery Wall is a large-scale visualization wall reservable by faculty, staff, and student groups for classes, presentations, and events. When not in active use, the Wall showcases work related to teaching, learning, or research on campus and features highlights from library collections.

discover

highlight  
class projects

showcase  
your work

collaborate

explore  
interactive technology

present  
in a fully equipped  
professional setting

• **SUBMIT YOUR WORK ONLINE**

• **RESERVE THE WALL**

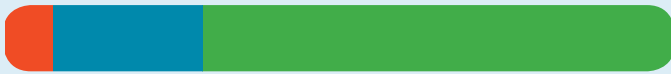

The Discovery Wall does **NOT** feature event flyers or other promotional materials.

## what's here

- Approximately 13' wide by 7' tall screen (16:9) powered by a Windows 8 computer with standard software
- Microphones, wireless peripherals, a 3D mouse, and LEAP motion sensor are all reservable for classes and events
- Reconfigurable seating for up to about 50 people
- Glass whiteboards on either side of the Wall
- A chance to showcase your work and campus activities! Submit images and video files at anytime on our website.
