

Connecting to WIFI

MSU Denver

The MSU Denver wireless network is available for all MSU Denver students, faculty, and staff to connect to. In order to connect to this network, MSU Denver affiliates will need to log in using their NetID/Email credentials.

Apple iOS Devices

- Select **Settings**
- Make sure WIFI is turned on.
- Select **MSU Denver** wireless network.
- Enter MSU Denver NetID or full email address and password.
 - Ex. *NetID: rturch4* or *Email: rturch4@msudenver.edu*
- If this is the first time connecting to the MSU Denver network, the patron will be prompted to accept a security certificate. As long as the certificate is coming from **winad.msudenver.edu**, click **Trust**.
- The patron will now be connected to the **MSU Denver** wireless network.
 - If the patron is still having trouble connecting, tap on the **MSU Denver** wireless network, “Forget This Network,” and then try reconnecting with the steps above.

Apple macOS Devices

- Click on WIFI icon in top menu bar.
- Make sure WIFI is turned on.
- Select **MSU Denver** wireless network.
- Enter MSU Denver NetID or full email address and password.
 - Ex. *NetID: rturch4* or *Email: rturch4@msudenver.edu*
- Click **Join**.
- The patron will be prompted to “Verify Certificate.” As long as the certificate is coming from **winad.msudenver.edu**, click **Continue**.
- The patron will now be connected to the **MSU Denver** wireless network.

Android 11 and 12 Devices (includes Chromebook)

- Select **Settings**.
- Make sure WIFI is turned on.
- Click on **Network & Internet**.
- Select **MSU Denver** wireless network.
- Select/Input the following settings:
 - Security = **WPA/WPA2/WPA3-Enterprise**
 - EAP method = **PEAP**
 - Phase 2 authentication = **MSCHAPV2**
 - CA Certificate = **Use system certificates**
 - Online Certificate status = **Do Not Validate**
 - Domain = **msudenver.edu**
 - Identity = *Patron’s NetID or Full email address*
 - Anonymous Identity = *Leave this field blank*
 - Password = *Patron’s NetID/email Password*
- Click **Save**.
- The patron will now be connected to the **MSU Denver** wireless network.

- If the patron is still having trouble connecting, press and hold the **MSU Denver** wireless network, choose “Forget,” and then try reconnecting with the steps above.
